

04/09/03

I just wanted to drop you a note to tell you how impressed I am with the organizer I recently got for my P210. I had the other organizer, that was the only one available before yours, and it did the job till I received yours. Yours lets me store twice as much in the same space and with the armrest and other accessories, there is no comparison. I am anxious to try the second organizer you are custom fitting for my passenger seats. As you and your people sure seem to know, space is a premium in an airplane, and you have helped maximize the usage.

Keep up the good work.

A very satisfied customer,

Jeff S.
